It was a December to remember. A month that was filled with so much light and sparkle, smile and laughter, and lots and lots of fun and merrymaking with our old friends and new found friends. Such a magical time of giving and sharing and lightheartedness. We had such a blessed Christmas and a joyful holiday celebration that we are so thankful and grateful for. We look forward to more bright and even brighter happy holidays ahead of us.

Everyone beamed with delight as our merry good couple, Mr. & Mrs. Claus, paid a visit to help us light our tree to usher in all the celebrations the holiday season brings.

We are more than favored to always be on Santa's good list!

"It is Christmas
in the heart

Christmas in
the air."

At Santa's merry abode where the welcome is always warm. Where giving is a given and always from the heart. And smiling comes out constant, and the sweets never run out. A very happy and memorable time at Santa's jolly ranch.

WILLIAMSBURG ELEMENTARY CHOIR

Our talented and energetic little friends from Williamsburg Elementary school along with their music teacher, Ms. Karen Greene, came to perform their holiday songs for us at ADS.

*Christmas is more than just
presents, it's love and harmony.*

Julie Hebet

Our friends, the family of our very own Ms. Rosie, Valerie and Bill Browning stopped by at ADS to hand some specially crafted gift to both customers and staff.

Thank you very much, friends!

We were so absorbed at the fun and joy of the moment during our caroling gig next door in the Administration building that we were not able to take a lot of pictures apart from this one featured on this paper, but, it was an undeniably fun filled activity we all will never forget. We would like to thank all our administration friends for all the special goodies and treats they prepared (in anticipation of our fabulous performance) and the love they extended to us so generously.

Unicorns are magical
creatures that's why it
belongs here at ADS
because this place is
magical.

Windsong is a specially handcrafted unicorn by our very own Mr. Bud. He brought it to us at ADS to be like a mascot representing, according to him, the magic we bring to each and everyone who attends our program. Thank you, Mr. Bud!
